APPLICATIONS FOR LIFE TRANSFORMATION:

1. Identify some things in your life that could be distracting you from worshipping God. (your job, finances, etc...)
2. Like the elders, do you feel like you have thrown your “crown” at God’s feet? If not, what are some things you may be holding on to that God may be moving you to let go of?
3. With the thought that worship is a matter of assigning “worth-ship”, what are the things that you value in relationship to God?
4. What is it that puts you in total awe of God, that touches your soul and causes you to acknowledge Him in a manner of worship? (beauty of creation, great works of art, powerful message of truth, good music...)
