

APPLICATIONS FOR LIFE TRANSFORMATION

1. Explain one or two gold nuggets of effective leadership that the Holy Spirit has helped you to mine out of Nehemiah 2.
2. Prayer is important to overcoming spiritual inertia (inactivity) and Nehemiah models this well. What input or resources over the years have helped you to strengthen your prayer habits? What specific change would you like to make to promote growth.
3. Share a recent story of how you overcame spiritual inertia and accomplished a spiritual task. Could God be calling you to lead like Nehemiah and help another person or group to overcome spiritual inertia? Is there an area of spiritual inertia in your life that you would be blessed to have a Nehemiah come alongside you?
