

APPLICATIONS FOR LIFE TRANSFORMATION

1. Look at your state in life and your own maturing process. Who do you have to thank for your own level of maturity? How have they helped you to mature as an adult?
2. As an adult, whom have you helped along in the growing process? Or how have you allowed yourself to be involved in someone else's growth? See Timothy 3:10-16 for an example.
3. Maturity in the faith is a lifelong process that doesn't end (see Philippians 1:6). And yet, the acid test for the harvest of our soul has to do with the simplicity of the Gospel. Read Romans 10:9-13 and Ephesians 2:8-10. This truly simplifies our standing in the end. How does this affect your readiness for the end?
