

APPLICATIONS FOR LIFE TRANSFORMATION

1. Our challenge this week is to see "differently". Where are some areas (or who are some people) that you feel you need to start seeing things differently. Not as the world sees them, but the way God sees them when His light shines through them.

2. Sometimes it is easy to get carried away thinking of the things that make us sinners rather than the things that make us shine God's light. Re-read Ephesians 2:10. Do you feel like you are God's masterpiece? Why? Why not?

3. Think about the piles of trash and the masterpiece that was presented after the light shone through it. Who is God placing on your heart to start their Journey with Jesus and how can you help them see the light? Pray for that person this week!
